

AMUSEMENTS.

"FOR LOVE'S SAKE."

The old question concerning the "honor of a lie" is most dramatically and brilliantly treated in "For Love's Sake," to be seen at the Grand to-morrow afternoon, at 2 o'clock. For years it has been a much mooted question whether any honor can pay or ultimate good be derived from a direct lie. When Virginia Lee, the heroine of the story acts a deliberate lie in the presence of her lover and his over-bearing and accusing father, when she bears the insults and suspicion of that father, and loses the faith of her lover to shield his sister, we can readily see where the honor lies, but it is difficult to recognize what ultimate good or happiness can grow out of it.

But "the mills of the Gods grind slowly, but they grind exceedingly fine." In the final scene on the battle field when Virginia, as a Red Cross nurse, saves her soldier lover, when she wins back the father's affection and gives back to his suffering and estranged daughter the question of the lie seems again settled in the affirmative.

"Mabel Strickland is an actress to her finger tips," so commented Amy Leslie the eminent Chicago critic. Born of theatrical parents she has the ready spontaneity, the intuitive delicacy of method that prove the artist. Aided by a marked and most bewitching personality, a refreshingly refined and careful intelligence marks her every impersonation. Her actual stage experience covers some years spent in the support of Digby Bell and Stuart Robson, a term in Mr. Daly's stock company, the Frohman successes, and in the later New York production of "My Friend from India" and "Way Down East." For the past three years she has been associated with William A. Brady's enterprises in the East and has played little outside of New York, Boston and Philadelphia.

The door will open at 1:15, performance commencing at 2 o'clock sharp. Special matinee prices, 25, 35 and 50c. Reserved seats on sale at Borland's paint store this morning.

The tobacco as a general thing is pretty good this year, and bringing very good prices where it has been well handled.—Clarke Mercury.

According to the Auditor's recent report, Clark county stands at the head in the production of bluegrass and clover seed. For the years 1900 and 1901 she produced 78,120 bushels.—Sun.

TRIMBLE CANDIDATE FOR RE-ELECTION.

Says He Hopes He Will Not Have Any Opposition In the Democratic Party.

[From Courier-Journal.]

FRANKFORT, Ky., Feb. 21.—[Special]—Congressman South Trimble was asked to-day if he would be a candidate for Congress again in the Seventh district. He said:

"Yes, I will be a candidate for Congress to succeed myself. And in view of the fact I had to win my first nomination three times and then take it through the courts, I trust that I will not have any opposition in my own party. However, I have my fences in good repair and will try and keep them in that shape, and if I do not have opposition it will be an agreeable surprise to me. I cannot see how any man who aspires to represent the district in Congress can hope to win the nomination or be benefitted in any way by making the race, as the Ashland district has not refused to endorse its Representative in Congress since the war, whenever its Representative asked for endorsement. In fact, so rigidly has this custom been adhered to throughout the State that it is almost an unwritten law in the party. I have always endeavored to do my duty as a party man, and I don't believe the Democracy of this district will discriminate against me.

"What am I doing? Well, I will tell you, I am voting on all questions in accordance with Democratic principles, distributing garden seed, drawing my salary, establishing rural free delivery where the people want it. Since I have been in Congress there have been more petitions filed for rural free delivery and more routes established in my district than in any other district in Kentucky.

"I will leave for Washington to-night and trust that circumstances will not call me home again until Congress adjourns."

W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: 25c., 50c., \$1. All druggists. Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two billion bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will remove any ordinary cough.
